

Environmental Policy

Introduction

At Daira Sabz (DS) Consulting and Engineering Group, we recognise the vital importance of environmental stewardship for sustainable development. Our Environmental Policy is deeply rooted in our vision, mission, and core values. We are committed to managing the environmental impact of our operations responsibly and proactively. By continuously monitoring and improving our environmental performance, we strive not only to comply with regulatory requirements but to exceed them whenever possible. This commitment extends across all levels of our organization, engaging every employee in the pursuit of our environmental objectives.

Environmental Policy

Daira Sabz Consulting and Engineering Group's Environmental Policy reflects our dedication to environmental protection and sustainability in Germany and Afghanistan. Our management team ensures the effective implementation of this policy, fostering a culture of environmental awareness among our workforce. Each employee is encouraged to contribute to our environmental goals within their respective roles. The following principles guide our environmental management efforts:

Policy Aims

We are dedicated to actively protecting the environment and minimizing the climate impact of our business operations by:

- **Resource Utilization:** Optimizing resource use to minimize environmental degradation.
- **CO2 Emission Reduction:** Using renewable energy sources to reduce CO2 emissions.
- **Emission Offsetting:** Offsetting emissions from unavoidable business travel.
- **Performance Improvement:** Identifying, measuring, and continuously improving our environmental performance.

- **Regulatory Compliance:** Maintaining full compliance with all relevant policies, regulations, and other obligations.

In pursuit of these aims, we commit to specific actions in key areas of concern:

Energy

- We aim to use renewable energy sources for our office operations wherever possible.
- We strive to reduce our energy consumption as much as possible.
- Energy efficiency is prioritized when purchasing new products.
- Heating and cooling systems are managed with energy conservation in mind.

Water

- We aim to minimize our water usage wherever possible.
- We actively promote the use of tap water for drinking.
- We strive to avoid the use of water-polluting products.

Transport

- We encourage the use of modern communication technologies to reduce travel needs.
- We motivate our staff to use public transport and bicycles for commuting.
- We actively promote carbon-neutral travel options.
- We offset CO2 emissions from unavoidable business travel.

Paper

- We seek to minimize paper usage in all office operations.
- We promote eco-friendly printing practices.
- We purchase recycled products for our office.

Office Supplies

- We favour environmentally friendly equipment and materials where possible.

- We reuse and recycle office equipment and materials appropriately.
- We select promotional items with their environmental impact and image in mind.
- We use environmentally friendly cleaning materials whenever possible.

Sustainable Kitchen

- Our kitchen operations rigorously avoid food waste.
- We continuously increase the range of vegetarian and vegan options.
- We strive to increase the share of local and national products purchased.

Biodiversity

- We contribute to biodiversity by supporting local conservation initiatives and projects.

Conclusion

Daira Sabz Consulting and Engineering Group is committed to embedding environmental responsibility into every facet of our operations in Germany and Afghanistan. By adhering to and continually improving upon the principles outlined in this policy, we aim to make a positive, lasting impact on the environment. Our collective efforts will ensure that we not only meet but exceed our environmental goals, contributing to a more sustainable future for all.

Endorsement

The management endorses this policy, and it is publicly available on the Daira Sabz website. We are committed to conducting business ethically and fostering a culture of accountability, fairness, and public trust.
